COVERING THE GLOBE TOGETHER

Successful partnerships evolve.

We are proud to share our first joint annual snapshot, showing \$141.1 million in grants going to hundreds of nonprofits, active in a diversity of fields, in every corner of the world.

Since 2007, Give2Asia and KBFUS have had a close referral relationship for U.S. funders seeking regional expertise regardless of where they give in the world. With the 2021

launch of Myriad - the alliance for borderless giving - our relationship has transformed into a formal partnership offering a single platform that covers the globe.

Today, we offer individuals, corporations, and other donors a portfolio of aligned services, options for streamlining how they work with us, and reliable crossborder grantmaking capabilities to help them meet their philanthropic goals.

You will see even more from us in the future. As we seek ways to better serve donors and charitable organizations across the globe, KBFUS and Give2Asia will continue to evolve - developing a global perspective while continuing to deliver the deep regional expertise you expect from us.

Thank you for trusting us with your international giving.

CUSTOMIZED SERVICES FOR U.S. DONORS

FLEXIBLE PHILANTHROPY WITH A GLOBAL REACH

A **Donor Advised Fund** is a flexible tool for individuals, families, and corporate donors seeking to support nonprofit initiatives across the globe. Donors can claim an immediate tax deduction when they contribute to their fund and then recommend grants to favorite charities at their convenience.

Change.org, the world's largest nonprofit tech platform for people-powered social change, opened its International Racial Justice Fund to support efforts in other parts of the globe. In partnership with KBFUS, it identified ten dynamic, local initiatives that advance racial and social justice in four African countries and Brazil, which shared a total amount of \$500,000.

The Starbucks Foundation is focused on enabling community resiliency and prosperity. Through Myriad, the alliance for borderless giving, the Foundation is strengthening communities across Asia and Europe. Working with the combined regional expertise of Give2Asia and KBFUS, the Starbucks Foundation is addressing inequity and livelihood opportunities in key countries.

A LASTING COMMITMENT TO FUTURE GENERATIONS

With a **Legacy Fund**, donors can create a charitable legacy for the communities they cherish, anywhere across the globe. A Legacy Fund will make gifts to a donor's preferred charity or cause, in perpetuity or for a specific number of years. Contributions can be made during the donor's lifetime or through a charitable bequest.

Since 2016, the **Gwen Moore China Endowment Fund** has worked to strengthen primary education in Guizhou Province, with a focus on improving life for children and women. The Fund has granted to the Luodian County Bureau of Education to subsidize school expenses for families. To date, the Fund has disbursed nearly \$900,000 for local education efforts.

SOLUTIONS FOR FOREIGN NONPROFITS

A COST-EFFECTIVE SOLUTION TO RAISE FUNDS IN THE U.S.

An **American Friends Fund** provides foreign nonprofits with a cost-effective solution to receive tax-deductible gifts from supporters in the United States. With a Friends Fund, organizations avoid the trouble and expense of setting up their own U.S.-based charity. We handle donor support and back-office administration.

Colombia's **Instituto de Investigacion de Recursos Biológicos Alexander von Humboldt** conducts scientific research on biodiversity and ecosystems to generate knowledge that contributes to sustainable decision-making. U.S. donors can support their work through their new American Friends Fund.

Safari Doctors believes that access to healthcare is a right, not a privilege. An award-winning social enterprise, it provides locally-led healthcare solutions to marginalized communities in Lamu County, Kenya, reaching up to 2,000 patients monthly. With its Friends of Safari Doctors, U.S. donors can now support its mission.

MYRIAD ART

GIVING ARTWORKS AND COLLECTIONS TO MUSEUMS OVERSEAS

Through **Myriad ART**, we help donors navigate the cultural, legal and tax complexities involved in donating art overseas. The artworks we receive are placed in leading museums across the globe. We can work with a donor's preferred institution or identify an appropriate host organization in the country of their choice.

Samuel Myers turned to Myriad ART to facilitate a gift of a collection of Asian textiles and garments of artistic and historical interest, which can now be admired at the **Musée national des arts asiatiques - Guimet** in Paris, France. Pictured: Woman's over kimono, Kyoto, Japan, Edo period, late 18th or early 19th century (detail).

DISASTER RESPONSE FUNDS

Disaster Response Funds enable donors to give quickly and confidently when disaster strikes. In the early days of the Russian invasion, KBFUS and Give2Asia launched a Humanitarian Response Fund for Ukraine to pool contributions for local nonprofits working on the frontlines. We distributed over \$11 million so far.

GIVING TO CHINA

China is the world's second largest economy and a key part of our global coverage. Thanks to its China Representative Office in Beijing, Give2Asia offers unique DAF grantmaking into mainland China. In 2022, grants totaling \$22.5 million supported education, health, environment, and other programs carried out by vetted Chinese charities.

INNOVATIVE LEARNING OPPORTUNITIES

THE ART & SCIENCE OF FUNDRAISING

Each year, KBFUS and Give2Asia organize two intensive study visits on the *Art & Science of Fundraising*, to introduce universities and cultural institutions from around the world to successful development strategies. During four days of discussions with some of New York City's most talented fundraisers, participants explore creative solutions to broaden their funding.

SPOTLIGHTING SOCIAL INNOVATORS

KBFUS and Give2Asia spotlight some of their most creative partners across the globe, in an effort to connect them with investors and philanthropists. We invite these changemakers to join us for convenings and events hosted by several key organizations, including the Skoll Foundation and the African Diaspora Network.
