

Message from our President & CEO

In 2020, the COVID-19 pandemic posed an unprecedented challenge to communities in Asia and around the world. Starting from the [earliest days of the pandemic](#), our donors mobilized like never before, enabling us to deliver vital resources to protect frontline health workers, patients, and vulnerable populations.

Give2Asia delivered grants for other disaster relief efforts, including January's tragic [Australia bushfires](#), the Philippines' [Taal Volcano eruption](#), and floods in South-East Asia. We also published a report examining [trends in disaster philanthropy](#) in the Asia-Pacific region.

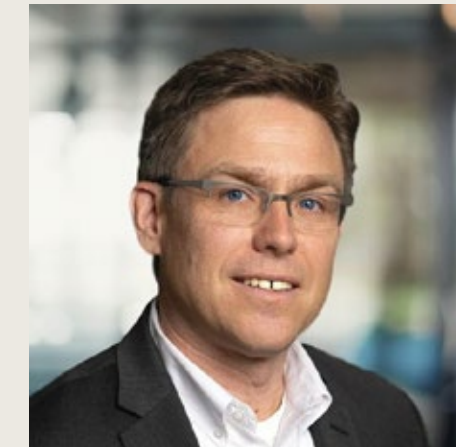

In 2020, we also announced several new initiatives. The first was a feasibility study—co-funded by the Bill & Melinda Gates Foundation—to assess the potential for [a transnational giving network in Asia](#). The second was a [partnership with the King Baudouin Foundation](#) to simplify cross-border philanthropy. Finally, we received charitable registration for Give2Asia Australia.

Thank you to our donors and staff for stepping up during this difficult and stressful year to help those in need.

Sincerely,

Birger Stamperdahl
President & CEO

Staying Connected

Give2Asia's team quickly shifted to virtual operations during the pandemic while maintaining all services.

Mission Statement

Our mission is to strengthen communities in Asia by making international giving easier and more effective.

Our collective impact

In 2020, Give2Asia's donors reached millions of beneficiaries through our grants in hundreds of communities.

Program Highlights: COVID-19 Pandemic Response

Protecting Healthcare Workers and Patients

Give2Asia was one of the first international NGOs to mobilize funding for COVID-19 relief in January 2020. [During the first 100 days of our campaign](#), we raised US\$20 million to protect healthcare workers and care for patients and their families. As the virus spread, we launched funds for every country we serve.

Providing Food Security

As the economic damage of the pandemic compounded, our local partners identified food security as the most pressing need in many locations. To raise awareness and funding for this urgent need, Give2Asia [launched a matching campaign](#). We made dozens of food security grants made possible by both corporate and individual donors.
